To whom this may concern,

I am writing this letter as a personal character reference for Thomas Gallagher. While I have not known Tom for a very long time, I have spent some time with both he and his family and I am also acquainted with other musicians that Tom has played music within our town.

The man that I have come to know is a kind and considerate family-oriented man. He takes pride in both his family and his home here in the small town of Bridgewater, NH.

Tom is a man that is always willing to do whatever he can to help others. He particularly enjoys his pastime of drumming in local bands. While I cannot speak to his work history as I was not in acquaintance with him during this time, from what he has shared he has held positions that required a high degree of trust and professionalism.

The man I have come to know is passionate with regard to his political beliefs but is in no way a violent or extreme individual. I believe he got caught up in the mob mentality of January 6th, and unfortunately was in the wrong place at the wrong time. This is not an incident that is representative of Tom's character.

I hope that the good character of this man can be considered when reviewing this incident.

Sincerely,

Cindy L. Young
