Re: Pro Se Discovery 5 in *United States v. Brandon Fellows*
Case No. 21-cr-83 TNM

Mr. Fellows:

Enclosed you will find a letter regarding Global Discovery Production No. 11 along with an index of items produced in this production. However, as stated in this letter and in previous letters, the Government no longer intends to produce global productions through USAfx. All future global productions will be produced through Relativity, a document review database. At this time, there isn't a plan in place yet to make Relativity available to *pro se* defendants. If this changes, you will be advised on the procedure to access Relativity.

In the interim, please, review the attached index and indicate which items you would like to review. You may then send the marked index to your standby counsel Mr. Joseph R. Conte, who will work with the Government to make the items available for you to review. If the items are highly sensitive, you will need to have your standby counsel or his delegate present with you for that review.

The Government will continue to provide individual discovery as it becomes available in addition to any future global discovery that you are allowed to view with supervision. If you have any questions, please feel free to contact me at mona.furst@usdoj.gov or 316-269-6537.

Sincerely,

/s/ *Mona Lee M. Furst*
